PRESS RELEASE

Tozzer Fights for Hollywood!

FOR IMMEDIATE RELEASE

The kid from Sh*t Creek returns!

The future of Hollywood is threatened by a deranged film maker and his psychopathic minions. Only one man can save the day. Tozzer might not be that man, but, heck, he'll give it his best shot.

This October, Tozzer makes his long-awaited comeback, in **Tozzer 2**, a 5-part mini-series bursting with clever gags and hilarious parodies. Some of the biggest names in Hollywood get their comeuppance. Fans of *Star Wars*, *The Matrix*, *Pulp Fiction* and other iconic movies will be rubbing their hands in anticipation.

Tozzer made his first appearance in *Tozzer and the Invisible Lap Dancers*, the hit graphic novel of 2002. Since then, writer Rob Dunlop and artist Peter Lumby have been developing the sequel.

"In the first book, we set up Tozzer's world and introduced the major characters," says Dunlop. "Now, in **Tozzer 2**, we're taking the satire to a whole new level."

Co-creator Lumby adds, "We're pulling no punches. We might upset a celebrity or two, but let's hope they've got a sense of humor. Or really incompetent lawyers."

Initial feedback has been positive. "**Tozzer 2** is brilliant, absolutely sublime," says Glenn Carter, of *silverbulletcomicbooks.com*. He describes the comic as a "chemical mix of humor, modern culture and genius".

Randy Lander, of *thefourthrail.com*, calls it "a warped and witty insight into our pop-culture obsessed times."

Tozzer 2 is published by **Ablaze Media**, and will be released monthly, with the first issue appearing in August *Previews*. News and further information can be found at www.tozzer.com.
